Flush Guard™ Blocks

Description

- Flush Guard™ is a 100% **ALL-NATURAL** product that eliminates and prevents build-up of calcium, uric acid and iron in lines.
- By using Flush Guard™ on a regular cycle, the lines leaving the urinal will have 95-100% less blockages and clogs.
- This will increase the life of the lines and reduce your maintenance costs.
- Flush Guard™ is a safe and effective alternative to harsh acids and will prevent clogged-up toilets and urinals.
- Eliminates odors.
- Removes rust stains
- Eliminates tank scale.
- Improves overall water quality.
- Bio-based, all-natural and biodegradable

Applications

Place one block into urinal or toilet tank. Block will slowly dissolve releasing cleaning agents. Replace block as needed.
