

The Safe & Natural Way to Clean Mattresses

Mattress Cleaner

- An effective and safe method to control bio-pollutants on mattresses including dust mites, pet-dander, bed bugs, mold, pollen, dirt and allergens.
- Reduces and removes bio-pollutants while performing a deep cleaning.
- Does not leave stains.
- Freshens mattresses and eliminates unpleasant odors.
- The 100% all-natural formula is hypoallergenic, biodegradable, non-toxic and free of allergens, dyes, perfumes and petroleum solvents.

Works well against:

- ▶ Pet-dander
- ▶ Molds
- ▶ Pollen
- ▶ Allergens
- ▶ Dust mites
- ▶ Bed bugs
- ▶ Dirt
- ▶ Body oils

Item Number	9701-004
Unit Size	1 gal.
Case Quantity	4
Case Dimensions	13 x 13 x 13
Case Weight	35 lbs.
Cube	1.1

Directions: The mattress should first be vacuumed, ideally with a truckmount so the allergens are vented outside, or with a vacuum cleaner equipped with a hepa-filter. Do not dilute product. After testing for colorfastness, or color change, apply a wetting mist of Mattress Cleaner by sprayer directly to mattresses, carpet, upholstery, bedding, linens, and coverlets or window fabrics, leaving surface damp but not saturated. For bedding, place Mattress Cleaner into the final laundry rinse cycle for linens at the ratio of two cups per load. The residual will remain effective for up to four subsequent machine washings.
